And the Executive Secretary [REDACTED]

25X1A

NOTE : This memorandum supersedes the one dated
11 January 1968, same subject.

1. With respect to referent memorandum,
Mr. Karamessines advised the undersigned on 11 January 1968
that these guidelines were to be modified as set forth below.

25X1A Mr. Karamessines advised that it was the wish of
the DCI for all elements of the Agency to cooperate fully
with [REDACTED]; specifically that he was to have the
opportunity of seeing such completed CS historical papers
and such CS operational files as were necessary in the
carrying out of his assignment. Mr. Karamessines added that,
of course, this did not apply to any sensitive historical
papers or sensitive files.

3. In a later conversation between Col. White and
Mr. Karamessines, it was agreed that [REDACTED] might
be "shown papers within reason," but that he should not be
shown material that we consider to be "ultra-sensitive."

4. In view of the foregoing, Mr. Karamessines stressed
that the undersigned should brief [REDACTED] very
carefully in regard to the need for operational and personnel
security.
